CAPT. J. C. RENO

Captain J. C. Reno, the pioneer Minne-otan, long noted for his enthusiastic ad-ocacy of river improvement between St. sotan, long noted for his enthusiastic advocacy of river improvement between St. Paul and Minneapolis and several times president of the old Minneapolis board of trade, died at his home, 43 Fifteenth street N, early Sunday morning. Death came with little warning and was due to apoplexy. Captain Reno had been in apoplexy. Captain Reno had been in average health up to a very few days ago. Following a slight indisposition, he was much improved Saturday and expected to

be out of the house yesterday. He leaves a widow and three sons, W. J., Howard and Alexander, and one daughter, Mrs. M. A. Ives of Chicago. He was in his eighty-second year, and if he had lived until December 21 would have been married 50 years. The funeral services will be held at St. Mark's church Wednesday afternoon at 4 o'clock. The remains will be taken to Cincinnati that evening for interment in the family lot in Spring Grove cemetery in that city, the de-ceased's old home.

His forbears were of Huguenot stock who, after a residence of some years in England, came to the James river country in Virginia. Captain Reno's father was a merchant and farmer, and he himself seemed destined at the start to flow in his footsteps. At the age of 18 he became clerk in a store at Beaver, Pa. Captain Reno from the very day of his arrival in Minneapolls, became impressed with the importance and possibilities of river improvement between St. Paul and Minneapolis and the years were but few thereafter that he was not enthusiastically interested in some movement to the achievement of that end. In 1857 he made a trip to Pittsburg and succeeded in making contracts with four steamers to travel the river regularly between Fulton City, Ill., and Minneapolis. No less than fifty-two steamers reached the city that year and they discharged 102,000 tons of freight. In that same year he became the third president of the Minneapolis board of trade. James A. Peterson announced himself in the foregoing brief but pointed statement this morning. A little later he went to the courthouse and filed with the county auditor his affidavit as a can-

ever, until absolutely sure in his own mind of the wisdom of the course.

Mr. Peterson declined to make any statement to-day of his views on public questions. "The republican platform is good enough for me," he said. Between now and Sept. 16 he will in public addresses give his views on national issues. His early affiliations in politics were with the Blaine republicans of Wisconsin, and he is naturally a protectionist of the reciprocity school.

He was at once drafted into the service in Minnesota, and stumped the state for Harrison in 1888. Since then he has never ceased to be an active supporter of the republican party. Since then he has devoted his attention largely to the staging of plays, and was recognized as one of the leading producers of the country.
