

SCHOOLS IN EAST END CLOSE TERM

Bright Children Deliver Their Graduation Program at Assembly Hall, Where Parents and Acquaintances Are Gathered to Encourage Them.

Another representative lot of Duluth school children was gathered in Assembly hall last night when the eighth grade children of the eastern schools of the city delivered their graduation program and received the words of counsel from Supt. R. E. Denfeld.

There are some talented children in these schools and they contributed materially toward the general success and interest of the whole. The hall was filled with parents and acquaintances, who applauded every number. Miss Helen Clothier, of the Lester Park school, sang, disclosing a beautifully trained voice of exquisite timbre. The Washington school boasts the possession of Miss Edith Herington, whose work on the violin is widely known. She represented that school with a violin number. Miss Madeline Miller of the Glen Avon school played a piano number with much musicianly ability.

All the recitations were exceptionally good. The personnel of the class and the schools from which they graduate follow:
