New York, Feb. 3.—The followers of athletic sports at Cornell University have about completed the consummstion of a plan to present "Jack" Moakley, for the past twelve years trainer of Cornell athletic teams, with a per-manent home in Ithaca. It is to be a duplicate of a compliment paid "Charley" Courtney, the Cornell rowing coach, some years ago.

The undergraduates who have been under Moskley's direction in the field. diamond, track and gridiron have purchased a large lot in a desirable residence section of the college town at a cost of \$2,000. To this they have added contributions amounting to \$3,700 toward the erection of a \$5.000 house. The alumni of recent years, under the direction of Robert Deming of Cleveland, O., is now raising the balance.

The plans for an artistic residence have been drawn by an architect to suit the fancy of Trainer "Jack" and his wife and construction work will commence as soon as the weather will permit. The enthusiasm with which the proposition was received is shown by the fact that \$6,700 already raised came in average subscriptions of \$11

Editor Forum: Tuesday evening, Jan. 25, the Galesburg Whist club journeyed to Erie to meet their crack whist team for a social game of whist. After the smoke had cleared away the score was taken and found to be 924 points in favor of Galesburg.

Last night they played a return gamat Galesburg and after the score was taken by F. N. Delamater, Erie's captain, the book was accidentally 'lost.' A second tally was taken with about 250 points in Galesburg's favor. After enjoying supper and a smoker the boys left, voting a good time, even if luck was against them.

DICKEY COUNTY "STATESMAN" TORIAL ANNOUNCEMENT ---PEAN TO GRAFT STATE PRESS.

Stung! Grabbed! Hoodwinked! Coteau Sentinel: That is what the editor of this paper is in pulslishing the announcement of Thomas Tight-Wad Marshall for a candidate for U. S. senator. Of course, it serves us bloody well right. ' We ought to have known better, and not bitten so easily, but then everyone has their day, and as the old saying is "experience is the teacher" and as long, as we have got it in the neck for about \$10 worth we will take our medicine. Now the candidacy of Mr. Marshall never appealed to us very strongly, and when we received his announcement we supposed that the gentleman (?) would of course pay for what he got and upon receipt of our statement the first of the month, he answers us thusly: "Now, Mr. Rogers, I am not do-

ing any personal work in this campaign, whatever, and the campaign will be made through a committee on behalf of the progressive cause and candidates, and we would be only too glad to have you with us. What do you know about that? We be with a man who is seeking to represent the people of this great atate, when he is trying to deadhead the coming campaign and not pay for his own personal announcement that the law requires him to? Not us. He wasn't a bit bashful about sending out his announce-

ment to the papers of the state and of course he knew that the majority of the editors would publish them with the exception, perhaps of a few that has been stung before with some candidate. You must realize how impossible

it would be for a candidate to print an announcement in every newspaper in the state at even the cost of \$10, (too much money of-course for such a cause).

"It is not a question of success of any candidate, but a question of

the success of the cause." We cannot see for the life of us how a man expects to gain a great victory without getting out making a personal effort, and show the people that he is the very man Especially when he does not spend some of the long green that he has made out of the bonus and 12 per cent interest that the farmers from his neck of the woods has had to pay. All we have to say is this, that from this on we will be in a position to not get stung by some politician, whose only aim is to get something for nothing.

RAILROADS IN JANUARY BRING 16,062,240 BUSHELS INTO MINNEAPOLIS.

Minneapelis, Feb. 3.—Te real import of the daily feccipts of many more cars of grain in Minneapolis during January than in the same month s year ago was indicated today when the secretary's office of the Chamber of Commerce compiled the figures. The month showed a total of 18,062,

Railroad managers predict that the heavy tonnage will keep up at least three weeks, before there will have been a cidanup of the country siding. The Northern Pacific has its wards at Staples, Dilworth and other outlying points; filled with loaded cars, and there is much Great Northern grain along the line from Devils Lake to Grand Forks. The Soo has a liberal tonnage in cars on its line in North Dakota, and is moving it in rapidly. times as much grain during January

as in January last year. The Milwaukee road has grain in large quantities along its sidings that has been in transit for some time. It is now coming in more freely. The table shows the following
