

SIMON SAPERO BUYS NEW BUILDING SITE

(Range Bureau of the News Tribune.)

CHISHOLM, June 9.—A real estate transfer which has aroused considerable local interest is that of a sale of two well located business lots on Lake street. The property was purchased by Simon Sapero from M. Balde of Eveleth. Mr. Sapero says he will put up a double front brick store building at once. Some influence has been brought to bear upon Mr. Sapero to built a modern show house there devoting the first floors to store purposes and the second and third stories to a theater building. As the new Finnish hall provides for first-class companies the Sapero building will probably be designed for stores and offices only.
