## Butchers Arrested on a Charge of Slaughtering Within the City Limits.

---

Samuel and Benjamin S. Kaner, joint proprietors of a butcher shop at 1601 North Third street, and also proprietors of the Northwestern Iron & Metal company, were arrested yesterday and booked at the station under a charge of slaughtering in the city limits. At their hearing in the afternoon their case were adjourned until July 26 at 2 p. m.

This is the first arrest of this nature since the agitation by the members of the council to abolish this practice and will serve as an example to others. The ordinance passed by the city fathers some time ago made it a misdemeanor to kill cattle or maintain a slaughter house within the city limits.
