MANY WOMEN TO VOTE AT SCHOOL ELECTION

Women's Suffrage Association Regrets That It Did Not Name Woman Candidate.

At the school election to be held Saturday it is said that women will take an unusual interest. The Duluth Woman Suffrage association and many others are at work urging others to vote for the candidates in whom they believe. Dr. Mary McCoy, president of the local suffrage association, regrets that there is not a woman candidate for the school board at this election.

"This should be a lesson to us," she said. "We have neglected our right to vote and have failed to put a woman on the board. If we had had one or more women as school board members, a lot of trouble now being experienced would have been avoided."

The suffrage association has taken no defined action on either side of the school election question, but it is recommended that each woman vote and work for the side she favors. The general sentiment of the women individually was for the social center interests and they expressed themselves as ready to vote in favor of dancing in the schools and the opening of buildings for social center use.

ANY SPRING OR SUMMER
Suit for only \$15 at The Big Duluth.

SPINNERS AND WEAVERS.
BURLINGTON, Vt., July 18.—A union of spinners and also a union of weavers has recently been formed at Winneski, a suburb of this city.

DUTCHER PRESIDENT OF TRADES ASSEMBLY

Splendid Corps of Officers Chosen to Master Affairs of Duluth Workmen.

W. J. Dutcher of the local union of the American Federation of Musicians is the new president of the Federated Trades and Labor assembly of this city. Mr. Dutcher was elected after a warm contest at the meeting of the assembly held last Friday evening. He is a bright, earnest and active trade unionist and is capable of handling the affairs of the Trades assembly in such a manner as to bring it much success during the next six months.

Mr. Dutcher will take up his new duties with zeal and vigor. He has wide experience as an executive officer and has represented his local organization as delegate to two conventions of the American Federation of Musicians. He also attended the Mankato convention of the State Federation of Labor.

Peter Marandaw, the retiring president, held the office for two terms. He leaves the office enjoying the gratitude and respect of the members of the assembly. He will continue to represent his union as a delegate and will undoubtedly keep up the good work he has been doing for the local labor movement in the future as he did in the past.

Good Vice President.
Louis Schreiner of the Cigar-makers' union, will grace the office of vice president during the next six months. Mr. Schreiner is a young and enthusiastic trade unionist and will be of valuable assistance to President Dutcher.

Henry Perault, the old "war horse," who, last term, retired from the assembly, was again nominated as a delegate from the Cigar-makers' union and at the same meeting was elected secretary of the assembly. His friends and admirers, whom he numbers by hundreds, are pleased to see him back in the harness again.

Earnest Rickard, whose resonant voice falls so sweetly upon the ears of the delegates when communications are being read, was re-elected reading clerk for the "steenth" time. Mr. Rickard is a member of the Butchers' union and has always been found on the job doing good work for the cause in general.

W. R. Thompson of the Horse-shoers' union, was re-elected financial secretary without a dissenting vote. The efficient administration of his office is appreciated by the delegates.

Maurice Cohen, a new delegate from the Typographical union who succeeded W. E. Towne, retired, was elected sergeant-at-arms. S. S. McDonald of the Typographical union and Joseph Miller of the Teamsters' were re-elected trustees. Richard Jones was elected as a new member of the board of trustees.

Five Bunch of Officers.
The corps of officers is said to be the ablest chosen in many years and hopes are entertained that the assembly will enjoy a considerable spurt during the new administration.

First steps in the arrangements for the Labor day celebration were also taken up at the last meeting. A committee of five consisting of W. J. Dutcher, S. S. McDonald, Peter Marandaw, James Downing, and W. R. Thompson will act with a committee of five from the Duluth Union Labor Pavilion association in making the arrangements.

The union label was given a boost by the assembly. Considerable time was occupied in discussing ways and means for promoting the sale of union label products. A movement is on foot to organize a union label department in connection with the assembly. This department will consist of delegates to the assembly representing all unions that have union labels.

The next meeting of the assembly will be held Friday evening, July 26. The new officers were installed immediately after their election.

DEATH ANGEL VISITS HOME OF EDW. KILEY

End Comes to Little Marie After Long Suffering—Made Heroic Struggle.

After suffering untold agonies for three years, during which time she was under the care of several St. Paul physicians, Miss Marie Kiley, the eleven year old daughter of Mr. and Mrs. Edw. Kiley, 2310 West First St., died at four o'clock Saturday morning at the home of her parents. The young girl was brought home from St. Paul on April 6, when it was announced that she only had two weeks to live. Although given up by the physicians, she struggled on and suffered until relieved by death on Saturday morning last.

The deceased leaves four brothers, Howard, Edward, Ambrose and Bernard, besides her parents. A short funeral service was held at the residence at three o'clock Sunday afternoon, with Father Brockmeyer of St. Clement's church officiating. The body was taken to Ironwood, Michigan for interment.

Mr. Kiley, the father of the young girl, is a well-known member of the Switchmen's union and for several years represented his local in the Federated Trades and Labor Assembly.

The Labor World joins with a host of friends in extending sympathy to the family in their bereavement.

UNION MAN'S WIFE HELD UP ON STREET

Two Women Are Victims of Bold Robbery—Thieves Attempt to Get Diamond.

Mrs. Witz, wife of Harry Witz of the cigar-makers' union, and her sister-in-law, Gertrude Witz, of 318 East Fifth street, reported to the police that they had been attacked and robbed by two highwaymen on East Second street between Fourth and Fifth avenues last Friday evening.

The robbers succeeded in securing the purse of Miss Witz, containing \$1.60, before they were frightened away by the women's screams. They tried to pull a costly diamond engagement ring from the young woman's finger, but took to their heels before they could succeed in removing it. The purse which was taken was much more valuable than the money it contained and was highly prized by its owner.

Pedestrians were attracted to the scene by the screams of the women, but they did not take up the chase when the robbers dashed down Second street at top speed. The police searched the hillside for two men answering their description, but did not locate them.

Mrs. Witz, whose home is at Hibbing, where her husband is employed, is visiting with her mother-in-law. She and her sister-in-law were returning home and were not molested until they reached the middle of the block between Fourth and Fifth avenues. In the dark space there they were attacked by two robbers, who appeared to be young and were fairly well dressed. One attacked each of the women. Mrs. Witz and Miss Witz immediately started to shout and did their best to resist. The man who engaged Miss Witz tried to help the other take the engagement ring from the hand of her sister-in-law.

SUPPLY LITERATURE FOR LABOR SUNDAY

Federal Council of Church and Social Service Will Help Preachers.

WASHINGTON, July 18.—Labor Sunday was first instituted by the Presbyterian Bureau of Social Service seven years ago, the Rev. Charles Steilze being the originating factor.

This bureau has been merged into the Federal Council commission on the Church and Social Service. The American Federation of Labor has given its endorsement to the observance of Labor Sunday.

This year the Federal Council commission is making a systematic effort to have Labor Sunday generally observed in all churches throughout the country, and is sending out literature, explanatory in character, and urging pastors to feature this day.

Suggestions are offered as to the methods to be employed in securing a good attendance of union men and women, as well as the unorganized. It is also further suggested that in all Labor Sunday sermons the subject be "One Day's Rest in Seven for All Workers," with an offer to supply appropriate literature on this theme. Charles S. Macfarlane, secretary of the commission, 1611 Clarkson building, 215 Fourth Avenue, New York, can be communicated with if any further information is desired.

Labor Sunday falls on September 1 this year.

The Great \$15 Choice Suit Sale is on at The Big Duluth.

COLD WATER PARTY QUITE PROGRESSIVE

Minnesota Prohibitions Put Some Strong Planks In Their State Platform.

The Prohibition party at its convention in Minneapolis presented to the voters of Minnesota a platform consisting of 13 specific planks. Besides condemning the liquor traffic and the saloon in general, it very tersely holds that "efforts directed against brewery ownership of political parties is of more permanent than wasting time to curtail the brewery owned saloon."

The party declared for the initiative and referendum and the recall of all public officials. It did not expect judges. It also declared for woman suffrage by holding that "the right to vote should rest upon intelligence and character rather than upon sex." Its declaration on the labor question reads as follows:

"We favor laws that will insure to all men a just compensation for labor performed, and allow the laborer sufficient time each day for culture and recreation. When full value is given for value received, labor and capital can unite for mutual benefit."

The party almost declared for single tax bill, holding: "We favor laws which shall cause all property to be taxed equally in proportion to its true value in money."

The last two planks of the platform read as follows:

"We pledge an equitable reapportionment of the legislative districts of Minnesota, to be effective immediately."

"We hold that all appointive offices now under the direction of the chief executive and all committee assignments of the house of representatives shall be made a matter of election."

DR. MARY MCCOY ON RIGHTS OF WOMEN

Popular Duluth Woman Makes Great Hit in Speech at Grand Rapids.

Dr. Mary McCoy delivered an interesting address last evening at Grand Rapids at the public library before the Political Equality club. Dr. McCoy is a woman of broad sympathy and culture and her lecture on "Woman Suffrage" was one of the best things that a Grand Rapids audience has heard this season.

In the course of her remarks she said: "Mankind must learn to vote in terms of humanity and not in terms of dollars and cents. I object to being discriminated against simply on the grounds that I am a woman. If government has the right to tax me it should see that I am given my full right in having a voice in its affairs."

Dr. McCoy made quite an impression with Grand Rapids people and her remarks were frequently punctuated with applause. She made a number of converts for suffrage.

ETHEL WOOD CALLED AFTER LONG SUFFERING

Ethel Wood, daughter of Mr. and Mrs. Benjamin Wood of Duluth Heights, died Wednesday noon at the tuberculosis sanitarium at Midway after a long illness. Miss Wood was taken sick some months ago. She was admitted to the sanitarium on July 2, and for a few days after her arrival there she rallied and some hope was entertained for her recovery. However, a relapse set in late last week, and on Wednesday she passed away.

Miss Wood lived in Duluth most of her life. She was an estimable young woman, and was loved and admired by all who enjoyed her acquaintance. She is survived by her parents, two brothers, James and Fred, and a sister, Lucy.

The funeral was held this afternoon from the Congregational church. A large number of friends attended, and the floral offerings were most beautiful. Interment was at Forest Hill.

UNION CONDITIONS; SCHOOL BUILDINGS

Trade Unions of Vancouver Secure Concessions From Board of School Trustees.

VANCOUVER, B. C., July 18.—The board of school trustees of South Vancouver recently awarded contracts aggregating over \$100,000 for the erection of additions to three of the school buildings.

In the specifications for these buildings was inserted a clause which requires that union conditions, in so far as wages and hours, existing in the several building trades at the time of signing the contracts shall prevail throughout the construction of the additions.

This result was attributable in a large measure from the fact that the secretary of the local typographical union is a member of the board of trustees, having been elected last spring as a member of the board by the workmen of South Vancouver.

GAUTHIER FILES FOR COUNTY COMMISSIONER

Joseph Gauthier of Burnett has filed for the Democratic nomination for county commissioner in the district comprising the Eighth ward of the city of Duluth and the towns above the western portion of the city. His opponent will be A. Overton, the present incumbent.

Mr. Gauthier has been a resident of Duluth and St. Louis county for 21 years. He was a member of the Longshoremen's union for 15 years and has acted in various capacities as delegate to the Trades and Labor Assembly, to the State Federation of Labor and to the convention of the International Longshoremen's association. He is an honest, clean, able and efficient man, and the people of his district can do no better than elect him to the office of county commissioner.

HOD CARRIERS STRIKE FOR INCREASED WAGES

SCRANTON, Pa., July 18.—The hod carriers and building laborers in this city went on strike on June 5 for an increased wage scale.

While no adjustment of the difficulty has been reached indications point to an early settlement, as all construction work is at a standstill.
