

CHISHOLM BUSINESS MAN HAS A PAINFUL FALL

(Range Bureau of the News Tribune.)

CHISHOLM, Dec. 17.—Simon Sopera, proprietor of a local department store, received a painful injury last evening from a slippery sidewalk. He was emerging from his home about 7:30 last evening and lost his footing, falling in such a manner as to receive a bad shaking up and several bruises. He will be laid up for several days.

The thaw on Sunday and the rain of Sunday night which turned to ice left the walks in a slippery condition and it has been expected that more accidents would occur. The authorities have ordered the sidewalks sprinkled with sand on the principal streets, which reduced the liability considerably.
