

LEAP YEAR KIDS NOT RECORDED

**Babies Born Yesterday Are Still
Unknown at the City Health
Department.**

**REPORTS WILL NOT BE
MADE FOR SEVERAL DAYS**

**Many Duluth Children Celebrate
Birth Anniversary Every
Four Years.**

It was impossible to secure the names of children born yesterday as notices are not usually filed with the health commissioner for several days following the birth. Children born Feb. 29, enjoy the distinction of but one birthday celebration every four years.

A review of the records for past years shows that many young residents of Duluth began their existence on Feb. 29. Among those recorded are: In 1892, sons were born to Albert Fasset, Twentieth avenue west; Ira Johnson, 326 East Eighth street, and a daughter to G. Tenbusch, 316 East Eighth street; 1896, daughter to A. Steanberg, Duluth Heights, son to W. Johnson, 919 East First street, daughter to A. Johnson of Fifty-ninth avenue west, daughter to C. G. Fievrer, 31 West Fourth street, son to G. N. Wood, 1011 Garfield avenue and a son to Henry James, 919 West Fifth street.

The year 1900 was not a leap year, hence a lapse of eight years occurs. In 1904 a son was born to Sam Goldberg, 604 West First street, son to H. E. Schroerdt of Orange street, daughter to John Porter of New Duluth, son to A. P. Davidson, 105 Restormel street and a daughter to J. Genesen at St. Mary's hospital; 1908, daughter to E. E. Finch, 4501 Gladstone street, daughter to Ole Wick, 731 West First street, daughter to Hugh Campbell, 2917 West Third street, daughter to John Olson, 2018 West Superior street, daughter to M. Reznick, 228 Third avenue west and a son to Ole Taklo of 2801 West Fourth street.
