E. B. S.: Although gray hair is sometimes caused by worry, it is generally due to a diseased scalp as indicated by such symptoms as dandruff, itehing of the scalp and brittle, falling hair, or which you speak. To restore your scalp to a healthy condition, first keep it clean by shampooing every 10 days or two weeks with canthrox, then massage the scalp, using a good quinine hair tonic. You can prepare the tonic yourself by adding one ounce of quinzoin to a hair pint of alcohol (not whiskey) and a hair pint of cold water. This is much better than most ready-prepared hair tonics, as it contains nothing to make the hair coarse, sticky or "stringy." It will remove the dandruff and stop your hair from coming out. You will find it an streakly and dead looking. (b) To make a excellent skin whitener and complexion-beautifier, see answer to "Mrs. Ruth."
