

FISH BOAT L. GOLDISH

WEATHERS FIERCE GALE

The fish boat, L. Goldish, owned by the Lake Superior Fish company, arrived in Duluth-Superior harbor at 2 a. m. yesterday morning in charge of Capt. John N. Eliassen after weathering the fiercest off-land gale known on Lake Superior. The Goldish was caught between Two Harbors and Grand Marais on the north shore, and received the full force of the entire storm. F. A. Merritt of Duluth was on the boat during the gale and says the captain and crew deserve much credit for putting the boat through in such a tempest.
