

NORWEGIANS PLAN TO OBSERVE ANNIVERSARY

BIG CELEBRATION TO BE HELD HERE

"Syttende Mai" Observance This Year to be Biggest in History of the City.

CHICAGO ORATOR TO BE SPEAKER

Bjarne Chorus Has Charge of Arrangements—Many Events Are Planned.

The one hundredth anniversary of the adoption of the Norwegian constitution will be appropriately observed in Grand Forks. Committees already are at work preparing for the event, and every indication points to the fact that Grand Forks was so far away. It was decided to hold a monster celebration in this city.

May 17 falls on Sunday this year, and the celebration will be held on the afternoon of May 16. All events in connection with the celebration will be held at the auditorium on North Fifth street.

Warfare Will Speak. Dr. Th. Warloe of Chicago, one of the foremost Norwegian orators in the country, will be the principal speaker. Dr. Warloe was here several years ago, and is well known to the Norwegians in this section of the state. Aside from the address, a special musical program will be given.

On Sunday, May 17, the Norwegian ministers in the city will be asked to hold union services at the auditorium. The ritual for the services will be the one used in all churches in Norway on that day.

Bjarne Chorus in Charge. The celebration is being held under the auspices of Bjarne Chorus, the oldest Norwegian organization in Grand Forks. The chorus was organized in 1881, and Judge L. K. Hassell, who is chairman of the committee on arrangements, is the only original member of the chorus in the city.

The celebration undoubtedly will be the largest ever held in Grand Forks. The success depends largely on the financial support given by Grand Forks and East Grand Forks business men. According to the plans there will be no charge to any of the events, and consequently the committee in charge must have strong financial backing.

On April 15 the Bjarne chorus will give a concert, the proceeds of which will be used for financing the celebration. The chorus will bring several prominent out of town soloists to the city to take part in the concert.

Expect Many Visitors. The celebration will bring an unusually large number of visitors to the city. They will spend at least two

days here, and many of them will remain for three or four days. The committee in charge of the celebration is: L. K. Hassell, chairman, Christ Running, B. Standal, Rasmus Luneth, Christ Hanson, Henry Moberg and H. Bendike.

LANSFORD CLUB DOING BIG WORK

W. E. Holbein, Delegate from That City, Everlastingly Boosts Home Town

NEW SETTLERS ARE BEING BROUGHT IN

Movement General. He Asserts—Thirty Silos will be Erected in District.

W. E. Holbein, secretary of the Lansford Commercial club, and also secretary of the North Dakota Press association, has the distinction of being the first delegate to reach the city for the meeting of the North Dakota Federation of Commercial Clubs. And being an early arrival, Mr. Holbein has had an opportunity to tell a few nice things about Lansford. He says: "The campaign for membership inaugurated by the Lansford Commercial club several weeks ago is about drawing to a close. The members started out with the determination to secure 100 memberships, and with little effort were able to reach this goal. Many farmers have joined the organization, and they are very enthusiastic. Elegant club rooms, with all the appointments necessary for a well conducted commercial club, have been secured, and will be opened in a few days with appropriate ceremonies. New mission furniture has been ordered, and an individual lighting system will be installed."

"This activity on the part of the Commercial club was made necessary by the immigration movement of the Soo line. Already this movement has begun to bear fruit. Several farmers from Minnesota and Illinois have arrived in this region several years ago for other climates are returning, happy to get back to the Missouri river bottom country. They report that the influx of old settlers who left here several years ago in response to alluring propositions from other states, has just begun, and that with the month to follow many of them will be 'coming back'."

Many New Silos. "Over thirty silos will be built in this locality during the coming spring and summer. Nearly every farmer in the district will plant corn and soy beans this spring, some of them for the first time in their lives, and they are awake to the possibilities of the silo in connection with those crops. One farmer, C. H. Knudson, has been experimenting with alfalfa for the past two years, and this spring will sow 100 acres to this great forage crop. Peter Farming Agent W. E. Wied is daily taking orders for alfalfa seed among the farmers here, and he predicts a great acreage of it this year. Better strains of cattle and horses are in demand and several silos have been already received here. There will be a great deal of building done in our locality this spring, as heavy farm owners are realizing that it is easier to secure the better class of renters, and better prices for their land if they sell it when there is a good set of buildings on the farm."

Corn Show Assured. "A corn show is assured. Lansford county commissioners of Bottineau have provided for the coming March meeting. The commissioners have provided for a corn contest for the county, and they will appropriate suitable money prizes for the best corn grown during 1914. It has been settled that the show will be held in the fall. Already arrangements are being made by those interested to make this first corn show an important epoch in the history of this part of the loop."

BOWLING LEAGUE ELECTS OFFICERS

Meeting Held Yesterday to Perfect Organization—Many Interested.

Representatives of the different teams of the new City Bowling league met yesterday afternoon for the purpose of perfecting an organization. The following officers were elected for the remainder of the season:

President—V. W. Mosher. Vice President—Chris Gilbertson. Secretary—Frank Kilgore. Treasurer—H. A. Hunter.

The schedule for this week has already been announced, and the schedule for the remainder of the season will be announced early this week. Each team will have one contest per week, and if deemed advisable, the matches will be played off more frequently.

There are a lot of very good bowlers in this city and it is the intention of the club to join the International Bowling association or the American Bowling congress, and to have a team from here compete in their tournaments next year.

as the result of a fracas at the Great Northern depot last Saturday afternoon. Nelson, it appears, attempted to ride his motor cycle on the depot platform. The special officer objected, and an argument ensued, which ended, according to Nelson, when the officer "walloped" him in the face. Hence the damaged optics, and a charge of assault and battery preferred by Nelson against Miller. The latter was arraigned today before R. J. Purcell, city justice, and the case continued until Wednesday.
