

THIEVES FOOL MERCHANTS BY FAKE PHONE CALLS

(News Tribune Special.)

BRAINERD, Minn., Jan. 13.—Thieves entered the clothing store of B. Soloski and robbed the till of \$39. They used fake telephone calls to induce Soloski to leave the store. Other merchants also received phone calls and left their places of business for a few minutes, but missed nothing, as they had taken the precaution to lock safes and cash registers.
