

NEW DULUTH

DENIES FOREIGNERS ASK POSTAL BRANCH

Members of the Gary Improvement club are behind the movement to secure a branch of the Duluth post-office, according to J. E. Gervenack,

secretary of the club. J. F. Zalk, chairman of the committee at work on the project, will report at the next meeting of the club March 16.

"It has been said," declared Gervenack, "that the majority of signers of petitions circulating here for the postoffice, were foreigners. Although the person who made that statement is supposed to be authority, I am positive that he never even saw the petition."
