DULUTH CENTRAL-HIBBING CONTEST ENDS IN TANGLE

The contest between the Duluth Central high school basket ball five and the Hibbing high quint at the Washington gymnasium ended in a dispute last night. When the final bell was sounded after the closely fought contest, the Hibbing scorer had the count standing 29 all, while the Duluth scorer had the score Duluth 30, Hibbing 29. Spectators took part in the argument and while the Duluth team had a lot of supporters there were several spectators who were keeping the score and backed up the Hibbing claim. As a result the real outcome probably never will be known for the two scorers sat in different parts of the hall and did not check up their totals from time to time.

The game was hard fought and was close throughout, the first half ending 15-12 with the Zenith City boys on the heavy end. O'Brien at center and Matt Brown at guard were the stars for the locals. Israel Sher, manager of the Hibbing team, said last night that he regretted the tangle in which the game was ended, but felt that the Hibbing scorer was entitled to consideration, especially as several of the Duluth supporters upheld his count.
