

# **AUTO STRIKES BUGGY FROM REAR; 2 TOSSED OUT; SLIGHTLY HURT**

---

Mrs. Louis Karon, 1520 Garfield avenue, was injured about her left side and her son Harry, age 18, was badly shaken up when they were both thrown from a buggy that was hit from the rear by an automobile driven by N. A. Luce, 302 Hammond building, Tower avenue, Superior, last night at Garfield avenue and Superior street.

Luce says his eyes were blinded by the lights on an automobile approaching from the opposite direction, and he did not see the rig ahead until his machine crashed into it.

Mrs. Karon was attended by a physician, but it is not believed she was seriously injured. Harry, who was driving, escaped with only a few bruises. The buggy was entirely demolished by the force of the collision and the horse was badly hurt. Luce was not injured.
