If the vote tomorrow were to be cast for most popular roofing, instead of for the election of national officials, there would be an overwhelming plurality in favor of

Certain-teed Roofing

This is indicated by the fact that "The General" makes $\frac{1}{2}$ of all the asphalt roll roofing made in America. The balance is "scattered" among 39 other manufacturers.

Each year CERTAIN-TEED rolls up a strikingly increasing number of advocates, because this type of roof is coming to be recognized as the most efficient covering for all kinds of buildings, with either flat or pitched roofs.

CERTAIN-TEED is clean and sanitary, costs less to buy, less to lay, less to maintain and less per year of life. It is guaranteed for 5, 10 or 15 years, according to ply (1, 2 or 3). It actually lasts longer.

The secret of this long life lies in the quality of the roofing felt, and the asphalt saturation.

Roofings do not wear out—their life depends upon the length of time they retain the saturation. CERTAIN-TEED is made of the best quality of roofing felt; and is thoroughly saturated with the General's own blend of soft asphalts, which keeps the inner saturation soft and prevents the drying-out process so destructive to the ordinary roofing.

CERTAIN-TEED is made in rolls; also in slate-surfaced shingles. There is a type of CERTAIN-TEED for every kind of building, with flat or pitched roofs, from the largest sky-scraper to the smallest residence or out-building.

CERTAIN-TEED is sold by responsible dealers all over the world, at reasonable prices. Investigate it before you decide on any type of roof.

CANDIDATE FOR
 County Commissioner
 FIFTH DISTRICT

I stand for a progressive and business administration of county affairs as I have heretofore.

I favor the construction and excellent maintenance of county roads as rapidly as funds will permit. During the past four years there have been built under my supervision in the Fifth District, 158 miles of new roads, and there have been rebuilt and gravelled 130 miles more, and I point to these roads as evidence of my road-building ability.

I favor economy in county affairs and a lower tax rate during the coming years, and shall vote and work for such ends.

Because of a hearty endorsement by the electorate at the primaries, I seek the support of Fifth District voters, Nov. 7.

Klearflax LINEN RUGS

Linen is the most durable fabric known and "Klearflax" Linen Rugs are all linen, through and through, inside and out—every fibre.

That's the reason they wear so like iron. There seems to be no wear out to them and they always look well as there is no pile to become crushed and show footprints.

"Klearflax" Linen Rugs express the very best taste in room decoration and new ideas in colors and combinations.

They are easily cleaned and are heavy enough to lay flat and hold their shape.

Be sure to see them this week.
