

# LOCAL PUPILS CELEBRATE SUCCESS IN IRON RIVER

---

*Nelson-Dewey Boy Second and Superior High Representative Third in Oratorical Contest.*

---

Because the representative of Nelson-Dewey high school was second and the Superior high school boy was third in the divisional oratorical contest at Iron River last night, a demonstration was held there last night by more than 50 teachers and students from the local schools.

As the party walked up and down the streets of the city after the contest, Superior school yells were given with zest. The contestants and other students, together with the instructors, will return to Superior this morning.

Paul Edenstad of Iron River won first place in the contest which was

held in the Iron River Congregational church. Robert Jordan, representing Nelson-Dewey high school, was second and Phillip Litman, representing Superior high school, was third.

Clara Ferguson of Superior high school won first place in girls' declamatory contest at Iron River a week ago.

The Iron River high school orchestra played at the contest and several selections were given by the girls' glee club of the same school. Three men from Ashland were the judges. They did not announce the difference in points between the winner and the Superior contestants.
