

# STUDENTS SEND GIFTS TO FRANCE

---

## Alumni and Pupils of Lincoln High Remember Former Mates Now at Front.

---

HIBBING, Dec. 4.—Hibbing students or graduates who are now in the American service are remembered by the students now attending the Lincoln high school. Each week, a box of cookies and candy is sent to various members of the American forces who at one time were students at the Lincoln high school or who have graduated from the Lincoln high school.

The cost of the materials is met through donations from the members of the high school classes but father or mother with their increased living costs are not "touched" for this fund for it is understood that the money be earned by the donor in one way or another.

Miss Margaret Ames, domestic science instructor, aids the girls in preparing the candies and cookies and Miss Loeper, sponsor of the Girls' club, assists. The art and printing classes design and execute cards for the boxes.

### Cookies and Candies Go.
