

HONOR ROLL SHOWS BOYS ARE GAINING ON GIRLS

Regardless of Exams Central Students Obtain High Marks for Month.

Despite the fact that extra work was given the pupils, due to the nearness of examinations, 155 students of Central high school obtained averages of 90 or above in at least four subjects for the month ending May 25, according to the "honor roll" read by Principal Leonard Young yesterday.

The boys are still way behind the girls for marks. On the A list of the seniors, which includes those who have an average of at least 90 in four subjects, Henry Markkanen is the only boy while there are 19 girls. Boys, however, are gradually gaining on the girls and it looks as though the tables will be turned some day for there are 18 boys on the A and B honor roll of the freshmen against 44 and 13 of the 26 on the B sophomore list are boys. Of the 155 honor students, 55 are boys.

The A honor roll follows:
