NOTICE!

Owing to the continual advance of dental materials and the small discounts given on quantity purchases, we are compelled to announce an advance in our prices. Our many patients are requested to please take notice of the new schedule of prices, which will appear August 1st. We will return to the old prices just as soon as conditions permit. We suggest that you at least have your work started before August 1st.

"The
Five
Tires"

Today—tires cost less than ever

Your tires actually cost you less per mile today than they did a few years ago.

—provided you buy the right kind of tires.

In the first place, don't buy a nondescript tire that some dealer has a selfish price motive in selling to you.

Buy a tire with a name behind it—a tire, the quality of which must be so good that the reputation of a great Company is protected.

United States Tires, with the name of the largest rubber manufacturer in the world behind them, are safe tires to buy.

United States Tires are constructed under an exclusive time-tried vulcanizing process that is patented.

They are honestly built with the best materials that the markets of the world afford.
