

# ZIONIST LEADER WILL VISIT HERE SUNDAY NIGHT

---

Duluth Jews are preparing to give a welcome to Dr. Ben Zion, Mossinsohn of Jaffa, Palestine.

Dr. Mossinsohn has won the love and gratitude of all Jewry for his splendid work in the Hebrew high school, Jaffa, Palestine, founded in 1906, and whose director he has been from the beginning until he was expelled from Palestine three years ago by the Turkish government.

Many were the hardships confronting Dr. Mossinsohn as director of the first Hebrew high school, where all subjects were taught in Hebrew, for the first time perhaps, in the history of the Jews that modern sciences were to be taught in ancient Hebrew. Chief of the obstacles that Dr. Mossinsohn had to overcome were the lack of text books in Hebrew and the lack of Hebrew terms for modern sciences.

Today the students of the high school are admitted to practically all the universities of Europe and to some of the colleges in the United States without preliminary examinations. Dr. Mossinsohn will talk, on "The Present and Future of Palestine," Sunday at 8 p. m., at the Adas Israel synagogue, under the auspices of the Dr. Schechter Zion camp.
