

'B' HONOR ROLL AT CENTRAL HIGH SHOWS BIG INCREASE

"A" Roll Holds Its Own, While Increase in Students Gaining Second Rank is Considered Remarkable.

Although the "A" standard of Central high school students maintaining an average of 90 per cent or above in all their studies does not show any increase over the preceding months, yet the "B" roll of students standing 90 per cent in three subjects shows a decided gain. The freshmen and sophomores are still lagging, the latter not maintaining the place with which they began the year. Only 31 students are listed on the "A" roll, while the "B" list has 99.

The following is the honor roll for the month of April:
