

STUDENTS OUT FOR VICTORY THIS YEAR

Upper, from Left to Right—Violet Smith, Lorna Tuttle, Ruth Miller. Lower, from Left to Right—Wilbur Welch, Sydney Sorenson, Moe Buchman.

Keen interest is being evidenced by Central high school students in the coming final eliminations to decide

the boy orator and girl declaimer who will represent Central in the Wallace Cup contest. The above are a group

of candidates competing for the representative honor who will appear in chapel and present their selections before a group of outside judges. Irene Long and Sidney Buchman are also included among those to appear in the finals for the selection of the school representative.

A victory this year for Central is imperative in order that they entertain any hopes at all for winning the trophy donated by Dr. C. J. Wallace. The requirement is that the school winning the greater number of times in 10 years becomes the permanent possessor of the cup. Central has three wins to her credit to the Superior high school's five. A victory this year would put Central again in

the race next year, and with a bright outlook, several promising undergraduates showing up well this year in both the oratory and declamatory tryouts. The selections of those to ap-

pear in the final tryout were made by H. H. Hudson and Miss Luella F. Norwood, coaches of the orators and declaimers, respectively, with the aid of a number of the faculty.
