

WALLACE CUP WINNERS

MISS VIOLET SMITH

SYDNEY BUCHMAN

Sidney Buchman and Violet Smith, orator and declaimer, respectively, of Central high school, who captured the beautiful Wallace silver trophy for their school in the annual contest held last Friday evening at the Superior high school, were recipients of congratulations yesterday. From practically unknown quantities in any school forensics, the above duo came to the front in the tryouts, in which more than 30 girls and boys of the school were candidates for the honor to represent Central, and were finally awarded that honor. had they not achieved first honors this year the school across the bay would have been entitled to the cup permanently. As it is now, Central must win next year to tie with Superior with five wins each.

The next Wallace cup contest will be held at the local school. Should Central win that contest and thus tie with the Superior school, then the school where the deciding contest will be held will be determined by the drawing of lots.
