

DR. ZACK ORDERED TO BE READY FOR CALL TO COLORS

Dr. M. R. Zack, West Duluth dentist, received a telegram yesterday morning from Washington, D. C., instructing him to hold himself in readiness for a call to the Dental Reserve corps service some time during the next 10 days, and to make the necessary arrangements to comply with the order.

Dr. Zack is one of Duluth's best-known dentists and he has hosts of friends in the city. He enlisted in the Dental Reserve corps last September and was given a first lieutenant's commission.

Mr. Zack has been practicing dentistry in West Duluth for about five years. He is a graduate of the state university at Minneapolis and also attended the College of Science, Literature and Art at the university. He came to Duluth from his home at St. Cloud, where he practiced for a year and where he received his high school education.
