# Prize Winners in the Missing Letter Contest

The Contest Editor wishes to express his sincere appreciation to all those who sent in replies to the Missing Letter Contest, and it is with the deepest regret that we cannot award tickets to everybody. We have been absolutely impartial, but as hundreds of replies were received we know there will be quite a few disappointments.

The tickets were awarded to those whose replies were received first, for the neatness of the reply and the correct answer.

A list of the Ticket Winners are as follows:

# RUUD

## AUTOMATIC GAS WATER HEATER

"Hot Water All Over the House"

# Too Good to be Without

## Instantaneous hot water service

—all the hot water you want, any time, day or night, at the turn of any hot water faucet in the house —is a great comfort and convenience in the modern home.

HOT WATER makes dishwashing vanish

HOT WATER for a luxurious bath

HOT WATER for a quick morning shower

HOT WATER for that "speedy" shave

## You will double the comforts of your home

and lighten the housekeeping cares of the housewife almost beyond belief. With always-ready hot water she saves hours of time, and does many a task quicker and better. And the cost of operation is trifling, for the "RUUD" heats water as you use it and at less cost per gallon than by any other method.

## "Nothing Could Make Me Part With It"

### One party wrote as follows:

"Since installing the ironer and the Ruud the gas bill has naturally increased a little, but nothing in proportion to the comforts we are now getting. Our gas bills now average about \$3.50 per month. If it were twice that amount I would not complain, and while I love every labor saving machine in my home, my greatest liking is for the Ruud because we have boiling hot water on tap every hour of the day. Nothing could make me part with it."

## There is a size and style of Ruud to fit

every purse and purpose. Installation in homes already built is a simple matter. Our "Good Faith" Service is back of the "Ruud", insuring you genuine satisfaction, just as for our other home appliances—White Rotary Electric Sewing Machines, "Gainaday" Electric Washer-Wringers, "Simplex" Ironers, and "Ohio Tusc" Electric Cleaners.
