SCHOOL TOTS GET SHOES ENOUGH

Generous News Tribune Readers
Give Footwear, Cash to Relieve
Most Urgent Needs.

Miss Goody-Two-Shoes and her little brother, who have been wading through the snow to and from the Webster school in thin summer slippers and shoddy shoes through which little pink toes peeped, have been taken care of. Generous Duluthians have answered the appeal made through the columns of the News Tribune, so that enough shoes and money have been donated to assure that every child will be well shod.

"I wish I might personally thank those who have been so kind to my little pupils," said Miss Luella Murphy, Webster school principal, yesterday. "They are delighted with their shiny new shoes—some of them have new rubbers, too—of which they are quite proud."

The donors were: John Simons, 4 Garfield avenue, \$5; J. P. Gordon, general agent, Duluth, South Shore & Atlantic railroad, \$5; A Friend, \$10; C. D. McMillan, Wrenshall, three pairs of shoes and three pairs of rubbers; Harry Vertelney, 269 South First avenue East, one pair shoes; "Well Wisher," one bundle shoes.
