

CITY TO EXPEND \$1,293,000 IN 1921, BUDGET PROVIDES

Figures Are Tentative and Will Be Changed If Three-Mill Increase Is Passed.

Figuring upon the present city income, Commissioner Fred J. Voss of the finance department early yesterday completed the tentative budget for the city of 1921. The budget is to be presented to the city council Oct. 1. Commissioner Voss' budget, which is based on a valuation of \$2,000,000 taxed at a rate of 13 mills, calls for an expenditure of \$1,293,000, which is \$103,750 over the allowance for 1920. If the proposed three-mill tax increase passes, the city's income in Oct. 1, 1921, would be \$1,293,000, which is a new budget will have to be drawn.

The requirements for the public safety fund, which includes the fire and police departments, are listed without taking into consideration the requested \$25 a month increase in the police department. This increase is granted if the three-mill bill passes. The increase in the police department is \$25 a month for new men and for new equipment. The police department will be allowed \$180,000 next year as against \$162,000 this year, and the fire department will have an allotment of \$252,000, an increase of \$20,000 from this year. The public health department, which also comes under the public safety fund, will be allowed \$12,000 this year and will have \$17,000 next year.

The local Aerie of Eagles No. 79 last night voted unanimously in favor of a resolution endorsing the proposed resolution of the city council to be voted on at a special election Oct. 4. Practically everyone of the 30 members present briefly expressed their opinion, declaring that the city should have the additional money for the better police and fire departments and better streets.

D. H. Clark, 5 Lake avenue, north and Charley Duppe, Lakeside, told of being thrown out of their home by the police. Clark spoke of inadequate police, as shown by the fact that much of the time only one policeman is on duty to protect property. E. Sanstead, president, presided. The general opinion was that the city should have more police, fire, and public health departments. A resolution was adopted that the city should have a better police and fire department and better streets.

SHORTER HOURS, BETTER PAY SEEN FOR WORK WOMEN

Statistics Show Good Proportion of Rest, Play, Needed by Workers, Inspector Says.

"That better working conditions and shorter hours for women is the aim of the majority of Duluth's employers of female labor is the opinion of Miss Victoria Ericson, local inspector for the Minnesota department of labor and industries, who said yesterday that Duluth employers are closely following the provisions of the statute governing employment of women. A shorter week and an increase in the minimum wage is predicted by Miss Ericson.

"A great many people believe that there is an eight-hour day prescribed by law. Miss Ericson continued, 'and I am glad to say that the majority of factories operate on that principle. Although I have not found any employer in this neighborhood frank enough to make the statement statistically, I believe that all classes of help have a right to a day in which they have time for sufficient rest and play.'
