

JEWS TO PERFECT PLANS FOR COMMUNITY CENTER

Final steps to make the proposed Jewish Central association a reality will be taken this afternoon at a mass meeting of Duluth Jews to be held at the Talmud Torah, 310-312 East Third street. Dr. Benjamin Plotkin, who will leave Wednesday for New York, will present additional plans to promote the project.

Prominent Jews of the city have approved the community center plan and it is proposed to use the Jewish Institute building as a temporary housing until the Jewish center building is erected.
