CONSTRUCTION IN SLIGHT DECLINE FOR LAST WEEK

Contractors Report Conditions

Rapidly Improving; Total

\$74,085.

Building permits for the week show a slight decline from the previous week's total, official figures revealed last night.

Construction work authorized amounted to an estimated total of \$74,085 as compared with \$95,862 of the previous week. Contractors and building supply men of the city report conditions rapidly improving.

May building contracts in Minneapolis and North and South Dakota amounted to \$2,521,000, practically the same as the April figure.

Construction contracts let in this district during the first five months of this year have amounted to \$20,305,000. The average figure for the first five months in the five years

previous to 1921 is \$24,135,000.

Included in the May 1921 total were the following items: \$2,553,000, or 34 per cent, for education buildings; \$2,115,000, or 28 per cent, for
