

Germ Smeared

Drinking Cups
Are GONE!

—and, the Nasty
Common Towel
Is GONE!

Now the Filthy Bathtub is GOING!

Clean, thinking people everywhere are discarding the bathtub. Why?

Take your bath, then look at the greasy film that covers the water's surface and makes a black line around the sides of the tub. Isn't that disgusting? You hesitate to clean the tub, even—it's so filthy.

The last water to touch your body as you leave the tub is simply a sloppy solution made of dirt and water which has just left your body. Ever notice the shiny, greasy look of your skin?

Shower
Shampoo
Massage
Rub-Down

The only way to get a clean bath in the old-style tub is by cleaning and refilling the tub several times. Few people have time to do this.

NOW you can end for ever this disgusting way of bathing and enjoy a clean, refreshing shower bath in your own home! Get and use a **KNICKERBOCKER** Shower Bath-Brush.

You simply attach the tube to the faucet—it fits any faucet. Turn on the water to any temperature desired. Then, in an instant, great streams of clean running water pour over your body, digging into the filled pores and cleansing them till they're pink. The soft rubber "fingers" of the brush awaken new life in every tiny nerve tip, stimulate tired muscles, while the continual stream of water washes away all dirt. Sends you to work on your toes!

Don't bathe in dirty tub water ever again! Go to your favorite drug, hardware or department store **TODAY** and get a **KNICKERBOCKER**. It's the only sanitary way to bathe.

HER GRATITUDE NOW UNBOUNDED SHE DECLARES

St. Paul Woman Says Tanlac
BUILT Her Up When She Was
Almost Nervous Wreck.

"I used to have my doubts about Tanlac. I had heard it was so much for me I would believe anything good I hear or read about it," said Mrs. Zula E. Kennedy, of 341 Forest street, St. Paul. Mrs. Kennedy was born and reared in St. Paul, and has a host of devoted friends.

"The flu left me so terribly weakened and run-down," she explained, "I could hardly stand without something to support me. I had gotten so thin my clothes were away too large for me, and I was almost a nervous wreck. I would jump and start at the least little noise, and even the phone ringing upset me. I had sick headaches nearly all the time, and many afternoons when I wanted to visit my friends I had to lie down instead. I had no spirit, and the little I ate seemed to give me no nourishment or strength at all. I certainly felt miserable, and many times would have given anything on earth for relief."

"I heard so much about Tanlac I decided to give it a trial, and four bottles of the medicine have built me up to where I am strong and healthy and can do my housework with ease and pleasure. I enjoy my meals now, have gained several pounds in weight, and am still gaining every day. I am entirely free from nervousness too, and feel fine in every way. My gratitude to Tanlac is simply unbounded, and there's nothing too good I can say for it."

Tanlac is sold in Duluth by the W. A. Abbott Drug company and druggists everywhere.—Adv.
