

# *Hibbing Jewish Women Plan Hadassah Society*

---

Hibbing, Oct. 1.—(Special.)—Hibbing Jewish women probably will have an organization known as the Hadassah society in the near future, if plans outlined at a meeting of the Virginia society can be carried out. The society was recently organized in Virginia under the direction of Miss Minnie Isaacs, of Louisville, Ky. The society will be affiliated with the National Hadassah society.

The National Hadassah is the women's Zionist organization of America and includes 15,000 members throughout the country. It is 10 years old and was originally formed by Miss Henrietta Szold. The society maintains four hospitals for nurses in Jerusalem. It has established milk stations in Palestine and is bringing the message of American hygiene to Palestine. The society also supports over 2,000 orphans.
