

Eveleth Plans to Change Street Names to Numbers

Eveleth, Oct. 28.—(Special.)—Planning to renumber the entire city, City Assessor Harry A. Levant this week presented for the approval of the city council a set of five plans, mapping out the city into divisions, with provisions for changing the names of streets and avenues to numbers. The plans were placed on file in the office of the city clerk.

It is extremely difficult for strangers to find their way around the city under present conditions, the assessor asserted, but, he believes the new system of dividing the city into a north, south, east and west zones will eliminate that difficulty.

He emphasized the necessity of Eveleth citizens studying the plans and stating their opinion. "The council will be guided largely by the sentiment of the public," he declared.
