**MISS MINNIE DEBORAH ISAACS.**

MISS ISAACS of Louisville, Ky., who has been the house guest of Mrs. E. Frank Barker for several days, is leaving during the week for a speaking tour on the range and the Twin Cities before going east to New York City to assume her duties as field secretary and organizer of the Hadassah society. The Hadassah society is now 15,000 strong, a group of American Jewish women interested in Palestine, and conducting a health campaign there with the aid of nurses, hospitals and medical centers. Miss Isaacs, who has had much experience in organization work and who is well fitted by previous positions for her duties, is a firm believer in the value of American influence in Palestine, and welcomed this opportunity of doing her part in furthering the friendly feeling between the two countries. She has appeared before many groups during her stay in the city, and has spoken of the work of the Hadassah.
