His Wedding Anniversary.**

Forty members of the Chevra Mishna society, a Hebrew organization of this city, were present at a supper given by A. Averbrook at his residence, 1623 North Fifth street, last evening, commemorating the completion of his study of the Shisha Shidra Mishna, a collection of ancient Hebrew writings. They are contained in six volumes, and the study covers a period of 18 months.

Rabbi I. Trensadt is head of the society, and spoke following the supper. Several Duluth people were present at the invitation of society members.

The thirty-ninth anniversary of the marriage of Mr. and Mrs. Averbrook also was last night, and the supper was likewise served to celebrate that occasion.
