

SILVIAN TO LEAVE ON BUYING TRIP

W. Silvian of the New York Importing company will leave for New York this week on a special buying trip for his Art-Linen and Lace shop. During the last two weeks Mr. Silvian has been making a special showing of Parisian gowns and street dresses that have been very much talked about. Plans for the new winter stock which he is about to purchase in New York and other eastern states include exclusive patterns in evening gowns and costly street suits. "The demand for these in Duluth has increased to such an extent" he declared yesterday "that all the exclusive shops find it necessary to carry more complete lines of high-class ready-to-wear garments. The New York Oriental Importing company will continue to feature high-grade linens and laces."
