

Our Buyer Has Returned from New York

Mr. Silvian has brought back with him many thousands of dollars worth of exclusive hand made laces such as filet, point de venise, princess and dutch. He has brought thousands of yards of linens, which include a large variety of beautiful tableware, bed room linen sets, and linens of every possible description and assortment fresh from the European markets. He bought heavily in underwear of many different styles and varieties. He made a special purchase of baby dresses of the finest madlera embroidery worth anywhere at \$7.00, to be sold here in Duluth at \$1.50. Besides the new suits and dresses that have already been received, Mr. Silvian has added heavily to these stocks of Parisian and imported outerwear.

The retail prices at the New York Oriental shop from now on will be of the same marvelous nature that drew thousands of patrons to this shop during the past year.

Mr. Silvian attended the sales of the U. S. Government where he was one of the buyers of several lines of—

Confiscated

merchandise. The Government sells the imported goods that they have been forced to confiscate to the highest bidder. The purchasers of these sales, therefore, get wonderful bargains. The New York Importing Company turns these marvelous bargains over to you. Imagine, therefore, the great values that await your inspection here.

Just at present, we are remodeling our shop in order to permit of more room. For the next three or four days, therefore, your shopping will be attended with a little inconvenience, but we guarantee you that the bargains are well worth it.

In case you are not a patron of this shop, you are cordially invited to inspect our merchandise and prices. Compare them with the values that are to be found in other stores and you will find that we sell the highest grade merchandise at prices lower than any other store in Duluth.
