To Peel Off Blotchy, Rough or Chapped Skin

To remove roughness, chaps, freckles, blotches, or any complexion difficulty, the best thing to do is to remove the skin itself. This is easily, pleasantly and inexpensively done by the application of ordinary, macerated wax, procurable at any drug store in the original one-ounce package. The wax absorbs the defective outer skin, a little each day, gradually bringing the second layer of skin to the surface. The pores are unclogged and the face breathes in the life-giving oxygen, leaving the healthy glow of youth. Just apply the wax as you would cold cream, only not rubbing it in. In the morning wash it off with warm water. It's the most effective complexion treatment known.

Drink Coffee

If It Causes Indigestion, a Course of Stuart's Dyspepsia Tablets Will Promptly Give Relief.

Indigestion caused by coffee is the worst as indigestion caused by anything else. If eating food or drinking coffee makes you dyspeptic, all you need is Stuart's Tablets, because they act with an alkaline effect which is just what the stomach can handle.

"I Surely Do Enjoy My Coffee, but I Am Afraid to Drink It, Either, for I Have Box of Stuart's Dyspepsia Tablets with me 'good' you eat. The stomach by its powerful action cleanses and moves the food around the stomach walls and the powerful laxative in these tablets instantly begins to act, and around it. The use of food of these tablets after meals will in a very short time correct the cause of indigestion and you will enjoy your meals and food without the old-time distress of indigestion. Every drug store carries Stuart's Dyspepsia Tablets. Price, 50-cents."
