**TELEPHONES:**  
Broad 221; Ogden 386.  
Private Branch Service.

# Please Destroy Your Old Telephone Directory

We regret that since the two telephone systems in Duluth have been unified some of our patrons have been calling numbers listed only in the old directories. It is impossible to handle these calls without delay.

Please destroy your old Northwestern and Zenith directories. They will not be called for as originally planned.

Nearly all former Zenith telephone numbers have been changed. Some Northwestern numbers have also been revised.

Only the **NEW** directory contains the correct list of telephone numbers in Duluth.

Before you make a telephone call always look up the number, please, in the **NEW** directory.

If you have not received a new directory please call the Directory Department, Melrose 4000, at once.

Please help us to prevent calls for wrong numbers and subsequent delays in the service by destroying your old telephone directory.

**NORTHWESTERN TELEPHONE EXCHANGE COMPANY**
