*Daniel A. Raihill*

MAY 20, 1948 - JANUARY 5, 2017

IN THE CARE OF

Kingwood Funeral Home

**D**aniel Alvin Raihill passed away peacefully on January 5th, 2017 in Humble, Texas at age 68. Dan was born in Duluth, MN on May 20, 1948 to loving parents Alvin and Audrey Raihill. A beloved husband and father, Dan resided in Humble the past 24 years with his wife Amy, daughter Erin and well-loved pets. Dan and Amy were married 28 years, residing in Tarpon Springs, Florida, before relocating to Texas. As well as Amy and Erin, Dan is survived by his cousin Helen Bennett, of Thornville, Ohio and by Erin's fiancé Chris Cavarretta, of Tarkington, Texas.

Dan graduated from the University of Minnesota, Duluth with a Bachelor degree in Applied Science. He was very proud of earning his degree in 2003, 35 years later than originally anticipated. It was not until age 55 that he returned to school to complete a few classes abandoned when he began work at Harcourt, Brace & Janovich. He later developed

and marketed innovative media measurement techniques while employed by Nielsen Media Research, Belden/VNU and The Media Audit. Before retirement he also enjoyed consulting for Compaq/HP and Candace Bennett Associates.

More important than career, Dan is best remembered for the friendships formed with virtually everyone he met along life's way. He is unanimously described as funny, one-of-a-kind, with a kind heart and quick wit. He entertained us all, whether we were aged nine or ninety. We remember his many talents, including his gift for music. Memorable for college friends was his role as lead singer in Harrison, a 70's rock band with fans all along Minnesota's North Shore. For the rest of us his truly impressive Elvis impersonation was magic.

We will always treasure the memories created with him.

First, I want to express my condolences to Dan's family. It has taken me awhile to write my thoughts; I met Dan after his transplant; I did not know him as long as most people. Our interests, we became fast friends. He worked for me for a while, which is how we got to know each other. I remember that I had worked at the Kidney Foundation and

I am so sorry to hear of Dan's passing. I talked on the phone with him prior to this. We did a lot of reminiscing about people we used to work with at HBJ. I believe he is probably sitting with his old boss (Jerry) and they are having a great time laughing together again. My heart goes out to your family Amy at this time, I feel your pain and

Here is a tale that grew taller with each re-telling. Dan could see the humor in anything and milk it for decades! This is from the 70's. Dan took his umbrella to work at HBJ. After work he grabbed it on his way to the bus stop. He pushed the open button, but the umbrella malfunctioned. It opened, but the top part shot from the shaft like a missile. It was hilarious. And it got funnier year upon year with Dan's recounting complete with sound effects of the missile launch. I miss Dan. (My brother in spirit).

First, our hearts and prayers go out Amy and her family. Everyone sees the world differently and that is what we mostly remember about Dan as he always had a different take on things. Here are just a few of the things we remember about Dan. He was a great father. We always loved watching our kids grow up together, and back when Erin and our daughter were younger and they were taking karate, Dan decided that he too would get into the act, and take karate. So one day when we went to watch our daughter practice at the karate school, Dan was my favorite of all my friends' dads. Dan was my favorite sensei of humankind and was Dan's specialty. Always making these young (and short) karate students lined up working out and he was Dan's specialty. Always making the middle of the class towering over all of them with his arms outstretched and driving them in the class. Even though this looked kind of funny, we thought this was cool. Dan always taking karate with his daughter. We would occasionally see Dan's love and sushi was with Erin and I would always seem to sneak up and sometimes start eating the salmon rice and he and Erin thinking in my daughter Heather showed him a move she learned from her father and husband, and he always made me feel second. Another memory is when we went to Dan's 60th birthday party. Love we all had such a great time. Dan would sometimes come over and watch action movies with Jack, when Amy & Deborah would go out for a girls night. Dan's unusual sense of humor kept Jack laughing most of those evenings. Our best memory of Dan was that he was a great father and husband, and we never ever heard him complain about anything. Dan tell Elvis hi from us and until we meet again take care. Love Jack, Deborah and family.

So I spoke with Amy and she wanted me to post some of the many fond memories that I have of Dan. Some are not appropriate for a wide range of audiences but many are. He had a profound impact on my life and not just because he is my best friend's husband but also my true friend. There are many...the first time I saw him do his Elvis impression at some dive in Houston during karaoke,,,frigging awesome. The time I thought if 2 tbls of Phillips M-A-M would help my issues, 4 would be even better. Unfortunately, I was using the guest/Dan's bathroom. He was none too pleased!! The first time I saw the Eagles Live concert on his big screen, blasting and us playing air guitar. Awesome! John Folgerty and issues with our tkts. Again, awesome show but it was a challenge and we hung in there. The time I was at the beach with Dan and my Mom, Dad and maybe sister brought pizza and we had a fabulous time while I was getting a perm! The time Erin and I were hanging in their hammock, Erin fell out and Dan had her so bandaged you would have thought she had a huge gash instead of a skinned knee. The time we road tripped to Kemah during August Texas heat. Don't think I have ever been as hot as when we got back into the car to go back home. Still have an awesome coffee with my name on it that Erin bought me. Very special and worth. All the wet willies and flat tires. The also Phillips love he showed to all. He will be sorely missed and was a wonderful husband and friend. My heart is truly breaking...

No doubt Dan's now singing full, on his big screen, blasting and us playing air guitar. Again, awesome show but it was a challenge and we hung in there. Dan, you were a good friend. And an outstanding lead singer in the bands Purple Passion, EBA and Harrison. I will never forget the wonderful times we had in college and beyond. I'm sure there is an opening for a lead singer in heaven.
