

## Robert Harris Rosenberg

January 7, 1926 - January 7, 2022

Following is the obituary as written by our father, Bob Rosenberg:

Dr. Rosenberg was born in Winona, Minnesota January 7, 1926 to Arthur and Sarah Kaner Rosenberg and raised in Minneapolis after age 7. He died on his 96th birthday, January 7, 2022.

Over the years he was known by various names and titles from family, friends and colleagues: Bobby, Robert, Rosie, Bob; Brother, Husband; Daddy, Dad, Grandpa; US Army Air Corp Veteran of WWII; student: Bachelor of Science 1949, Bachelor of Medicine 1951, M.D. 1952, all from the University of Minnesota; Doctor; Intern Harborview, Seattle 1951-52; Resident in Radiology, University of California, 1952-55, San Francisco; Radiologist Harborview 1955-1958; Clinical Associate Professor of Radiology, University of Washington; President Washington State Radiological Society, and the Radiological Society of North America; Practicing Member Seattle Radiologists 1957-1987; Member Temple Beth Am 53 years; Retiree, 1987; Resident Aljoja Thornton Place where he enjoyed living since 2009; and Patient too many times.

He was grateful for the loving time spent with his two wives: Faylene Vidars of Denver, married in December 1950, the mother of his three wonderful children: Sarah (Don Caniparoli), David (Taylor Santies), and Beth (Greg Showman) and two grandsons Jacob and Adam Caniparoli (Miriam Schwartz). Widower after Faylene passed in 1995 from post-polio syndrome.

In 1998 he married Jane Fein, widow of a colleague, inherited a lovely large second family, and he and Jane traveled abroad. Jane passed in 2013 in Kline Galland Home after a long illness, widower again...

His last days in Aljoja were brightened by a special friend, Sunnie, and Titus, his loyal aide who provided excellent care for him and the special needs he had acquired. Now as you read this, finally...deceased.

From Bob's children:

Dad gave us all a great life. He was the ultimate responsible husband and father and skeptic. It's from him that we got our musicality, our senses of humor, and our bad teeth. He only liked music written before 1880, and he loved football. We're happy he got to see his beloved Seahawks win a Superbowl.

We are so glad we had the opportunity to visit Bob just a few months ago, in his Aljoia home. What a treat it was to meet him after hearing so much about him. He was good humored, interesting, and gracious. I wish we had had more shared time with him. He certainly spawned wonderful children and grandchildren! Sending love to all of you.

Dear Sarah, Beth and David, and family

I am so sorry to hear of Uncle Bob's passing. He was a great man and a I really enjoyed being in his company when he visited. I hope you all remember the great times because your memories are so precious. My thoughts are with you at this difficult time. Much love, Cousin Sheryl

I remember many meals at the Rosenberg table. Faylene was always trying to feed him healthy things and sometimes, it was a bit of a stretch, but I never saw him complain. I was just a snot nosed teenage boy hanging around his daughter so, I should be glad he put up with me at all. I do remember this sly smile he had, like a joke he kept only to himself. I'm pretty sure he thought I was a moroon, but he was kind enough to keep that to himself.
