Born in Minneapolis, Minnesota he was raised in North Minneapolis, where his lifelong friendships were made. Harold attended the University of Minnesota for Dental School as part of a combined degree program, where he was a proud member of Phi Ep fraternity. After graduation, he served in the Army, based at Fort Sheridan, Chicago. When he found an office space to open his dental practice in St. Paul, he moved his young family from one Highland Park (Chicago) to the other (St. Paul), where he practiced dentistry for 32 years. Though his career was cut short by symptoms of MS, that only allowed more time for his avocations to flourish, of which he had many. Golf was his great passion, and he played it for 76 years. He was an early adopter of new technology throughout his life. When not on the golf course, he could be found at his computer, especially using PaintShop Pro. Astronomy, astrophysics, photography, gardening, boxing, football, family, and food- including cooking, candy-making, grilling, and eating- were his other great loves.
